## Registration

Re-test applicants **only** accepted.

The National Association of Landscape Professionals announced that on **December 31, 2019** the current test will be eliminated and a new test will be created and administered completely online. Applicants who have already tested are eligible to re-take any portions needed to complete their certification. Unfortunately, we will not be taking any new test applicants because after the transition to the online test anyone who has not passed the test will be required to take the new test in its entirety.

Confirmation letters with location address and test start time will be sent after test registration has closed. Packet will also include a test book that outlines test problems.

I would prefer the test book in Spanish

### Candidates Must Select Only One Module

- Softscape Installation Module
- Hardscape Installation Module
- Turf Maintenance Module
- Ornamental Maintenance Module
- Irrigation Module
